

在臺外籍愛滋感染者

服藥2年內支持計畫

補助民眾項目：愛滋治療藥品、愛滋病毒量及CD4淋巴球檢驗

計畫對象

同時符合下列3項條件之外籍愛滋感染者

- 於我國通報確診HIV感染，領有在臺居留證或健保卡等相關證明文件
- 需自費接受HIV治療者(不符人類免疫缺乏病毒感染者治療費用補助辦法)
- 無收入、在臺就學學生或每月薪資低於新臺幣48,000元

● 無健保身分但符合以上條件資格者亦可申請加入

準備文件

加入計畫需要準備哪些佐證文件？

- 最近一次申請之居留證或健保卡 + 薪資相關證明
(如：薪資單、存摺影本、轉帳匯款紀錄、曾加入勞保或健保等文件資料)
- 如為在臺就學之外籍學生，請攜帶學生證或在學證明

提出申請

由愛滋指定醫療院所評估，協助個案申請加入

- 醫療院所評估符合計畫對象條件，並經個案簽署同意書，由醫療院所向所轄疾管署區管中心提出申請
- 疾管署區管中心審核通過後通知醫療院所，並請物流公司將藥品配送至申請院所

接受治療

- 遵從醫囑回診、持續服藥，且定期接受愛滋病毒量及CD4淋巴球檢驗
- 配合度不佳者，將終止加入計畫！

Support Program for Foreign HIV Patients Receiving Medication Within 2 Years in Taiwan

Subsidized Services: HIV Treatment Medications, HIV Viral Load Testing, and CD4 Lymphocyte Testing

**Eligible
Recipients**

Foreign HIV Patients Must Meet All of the Following 3 Conditions:

1. Have been officially reported and diagnosed with HIV in Taiwan and possess relevant documentation such as an Alien Resident Certificate (ARC) or National Health Insurance (NHI) card.
2. Are required to pay out-of-pocket for HIV treatment (not eligible for subsidies under the Regulations Governing Subsidies for Treatment Expenses of HIV-Infected Persons).
3. Have no income, are students in Taiwan, or have a monthly salary below NT\$48,000.

Individuals who do not have NHI coverage but meet the above eligibility criteria may also apply.

**Required
Documents**

What Supporting Documents Are Needed to Join the Program?

1. The most recent application for an ARC or NHI Card + proof of income (such as: pay slips, bankbook copies, bank transfer records or documents showing previous enrollment in Labor Insurance or National Health Insurance)
2. For foreign students studying in Taiwan, please provide a student ID or proof of enrollment.

**Application
Submission**

The Designated HIV Treatment Facility Will Evaluate and Assist the Individual in Applying for the Program

1. The designated treatment facility will assess whether or not the individual meets the eligibility criteria for the program. Once the individual signs the consent form, the facility will submit the application to the region's center for disease control under the Taiwan CDC.
2. After the region's center for disease control approves the application, the treatment facility will be notified and a logistics company will deliver the medications to the facility.

**Treatment
Compliance**

- Follow medical advice, attend follow-up appointments, continue taking prescribed medications and undergo regular HIV viral load and CD4 lymphocyte testing.
- Poor compliance with these guidelines will result in termination from the program.

Dự án hỗ trợ người nước ngoài tại Đài Loan nhiễm HIV được dùng thuốc điều trị trong 2 năm

Dự án trợ cấp cho người dân: Thuốc điều trị AIDS, xét nghiệm tài lượng HIV và xét nghiệm tế bào lympho CD4

Người nước ngoài nhiễm HIV đáp ứng đồng thời 3 điều kiện sau

- Đã được Đài Loan thông báo xác nhận bị nhiễm HIV và được cấp các giấy tờ chứng minh có liên quan như thẻ cư trú tại Đài Loan hoặc thẻ bảo hiểm y tế.
- Người cần tự chi trả chi phí điều trị HIV (không đáp ứng các biện pháp trợ cấp chi phí điều trị cho người nhiễm vi rút gây suy giảm miễn dịch ở người).
- Người không có thu nhập, sinh viên học tập tại Đài Loan hoặc lương tháng dưới 48.000 Đài tệ.

Người không có bảo hiểm y tế nhưng đáp ứng các tư cách điều kiện trên cũng có thể xin tham gia

Cần chuẩn bị giấy tờ xác nhận gì để tham gia dự án?

- Thẻ cư trú mà bạn xin cấp gần đây nhất hoặc thẻ bảo hiểm y tế + giấy chứng nhận liên quan đến tiền lương
(Ví dụ: bảng lương, bản sao sổ tiết kiệm ngân hàng, lịch sử chuyển tiền, các giấy tờ xác nhận đã từng tham gia bảo hiểm lao động hoặc bảo hiểm y tế)
- Nếu bạn là sinh viên nước ngoài đang học tập tại Đài Loan, vui lòng mang theo thẻ sinh viên hoặc giấy tờ chứng minh đang theo học.

Do Cơ sở y tế AIDS được chỉ định đánh giá và hỗ trợ từng trường hợp xin tham gia

- Sau khi cơ sở y tế đánh giá bạn đáp ứng điều kiện đối tượng dự án, và từng trường hợp đã ký Giấy đồng ý, cơ sở y tế nộp đơn xin đến Trung tâm kiểm soát bệnh tật các khu thuộc Sở Quản lý và Kiểm soát Dịch bệnh.
- Sau khi Trung tâm kiểm soát bệnh tật các khu thuộc Sở Quản lý và Kiểm soát Dịch bệnh thông qua việc rà soát sẽ thông báo cho cơ sở y tế và yêu cầu công ty logistics giao thuốc đến cơ sở y tế đã xin.

- Tái khám theo dõi của bác sĩ, liên tục dùng thuốc, đồng thời tiếp nhận kiểm tra tài lượng vi rút trong điều trị HIV và xét nghiệm tế bào lympho CD4 thường xuyên
- Người không hợp tác tốt sẽ bị loại khỏi Dự án!
